CrystaX NDK - Task #1054

Make clang use modern Objective-C features by default

09/23/2015 08:52 PM - Dmitry Moskalchuk

Status:	Closed	**Start date:**	09/23/2015
Priority:	High	**Due date:**	
Assignee:	Dmitry Moskalchuk	**% Done:**	100%
Category:	toolchain	**Estimated time:**	0.00 hour
Target version:	10.3.0		
CPU Architecture:		**Toolchain:**	clang-3.6, clang-3.7
Host OS:		**Android version:**	

Description

As of now, -fblocks, -fobjc-nonfragile-abi, and other similar options required to be specified explicitly. Better to enable them all by default, not enforcing user specify them.
